

Pancyprrian Association of English Teachers

Dear colleagues,

The coronavirus (COVID-19) has taken the world by storm and inevitably also had its impact on education. Although students had their schooling disrupted, in order to confine the spread of this disease, teachers continue working so that students can complete their curriculum away from their classrooms.

English language teachers in Cyprus proved their commitment by working online with students to safeguard their learning. In this uncertain environment, it is important that learning continues, even if it has to be done away from the school.

Easter is a time of hope, rebirth and renewal. Let us hope for better days to come. May the risen Christ offer us peace, love and hope in these difficult times.

We wish you all a blessed and joyful Easter!

The P.A.E.T. committee
